Year 7 revision booklet

Topics:
Map skills
Rivers and flooding
Hazards
Population and settlement.

Name:
Section a

Name the 2 different types of geography:

h.............................................

p.............................................

Fill out the table for the topics that you have covered for these 2 types of geography:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

How can we break up the world?

Label the map in as much detail as possible.
What information do you know about the EU and The UN.

Research facts like why these were set up and what they do.

Write this information in the table below:

<table>
<thead>
<tr>
<th>UN</th>
<th>EU</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

In the space below create a compass in as much detail as possible:
Map skill questions:

1. Give a four figure grid reference for the telephone near Thornhill.
   ……………………………………………………………………………………………………………………………………

2. Give a four figure grid reference for the golf course.
   ……………………………………………………………………………………………………………………………………

3. Give a 6 figure grid reference for 1 of the camp sites.
   ……………………………………………………………………………………………………………………………………

For this you will need to know how to do 4 and six figure grid refs.

This is like doing coordinates in maths.
4. What is the distance between Thornhill and Bamford?

5. Give OS symbols for the following:
   Golf course
   Telephone
   Campsite
   Information centre

6. What are contour lines?

Notes on map skills:
### Section b

What are the following:

<table>
<thead>
<tr>
<th>Key word</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Source</td>
<td></td>
</tr>
<tr>
<td>Mouth</td>
<td></td>
</tr>
<tr>
<td>Tributary</td>
<td></td>
</tr>
<tr>
<td>Estuary</td>
<td></td>
</tr>
<tr>
<td>Water shed</td>
<td></td>
</tr>
<tr>
<td>Meander</td>
<td></td>
</tr>
</tbody>
</table>

What are the 3 processes for a river:

<table>
<thead>
<tr>
<th>Process</th>
<th>Different types of this process</th>
</tr>
</thead>
</table>

What causes a river to flood?

........................................................................................................................................................................
........................................................................................................................................................................
........................................................................................................................................................................
For a named area give details on the effects of a flood.

In the space below create a poster for how a flood can be managed:
Section c

What is a hazard?

Give 2 examples if you can of 1 human and one physical

For a hazard you have studied in class fill out the following table

<table>
<thead>
<tr>
<th>Causes</th>
<th>Effects</th>
<th>relief</th>
</tr>
</thead>
</table>

Hazards are the same everywhere – do you agree with this statement.

Justify your opinion.
Fill out the following table:

<table>
<thead>
<tr>
<th>Characteristics for picture a</th>
<th>Characteristics for picture b</th>
</tr>
</thead>
</table>

Which photo shows the rich country and why?

What problems could you come across in each of these areas?
