What do I need to know, or be able to do, before taking this course?

It is useful to have taken Drama at GCSE level but not essential. It is important that you are interested in gaining a greater understanding of how theatre and plays work, and that you are keen to be involved with performances.

What will I learn?

The course demands practical, creative and communication skills in almost equal measure. You will extend your ability to create drama and theatre, either in a performing or production role. You will also be required to write about drama and to develop your powers of analysis to become an informed critic. The course will involve taking part in drama productions, as well as studying plays and playwrights.

Is this the right subject for me?

You need to be curious about issues and ideas and have a creative instinct for communicating your views through drama. You may be keen on acting, writing or on the visual and technical side of theatre and wish to develop your skills in some or all of these areas. Equally you will be interested in going to the theatre to see plays performed by different theatre companies.

Drama provides a new outlook on typically perceived outdated texts like Ancient Greek and contrasts that with modern abstract text.

Kirsty Edwards, Year 13

It's intriguing, being able to go into greater detail on plays, developing skills and techniques of practitioners.

Alexandra Morley, Year 13

It's great exploring new methods that I didn't get to at my previous school.
