OTHER WHOLE SCHOOL AWARDS – 2024 - 2025

Young Scientist of the Year – Ollie Dickson (Year 12) (presented by Ruth Spellman, wording by Kate Branston)

Throughout his GCSE's Ollie showed that he was an extremely bright and dedicated student. He has shown enormous resilience to any challenges he was presented with, this led to exceptional GCSE results with a 9-9 in combined science. Ollie has taken his dedication in learning through to his A-level studies. He has impressed his teachers in both Biology and Chemistry with his exceptional intuition and attention to detail, which he has also demonstrated in his Extended Project Qualification project on "The analysis on spider silk as a drug delivery system". Ollie's teachers state how incredibly polite and respectful student and that he approaches learning with a smile and eagerness. We are excited to see where the future takes him.

Sportswoman of the Year – Emerson Kirbyshire (Year 13)

Emerson played a pivotal role this year in our senior netball team. Alongside Evie Segust in defence, the pair were a force to be reckoned with in the County league and County cup competitions. Emerson led her team to victory in the District tournament, in which the team were undefeated throughout. Emerson has been a support to our new younger players this year, helping build their confidence when playing at senior level.
